

JASPER GOLF WEEK TOTEM POLE TOURNAMENT

JASPER PARK LODGE
CANADIAN ROCKIES

THIS annual Totem Pole Tournament representing, as it does, the grand finale of the season's activities at Jasper Park Lodge, has now become an institution and ranks as the outstanding annual golfing event in the Pacific Northwest.

For the Eleventh Annual Tournament, to be held September 6th to 12th, amateur golfers from all parts of Canada, the United States and the Old Country will strive for the honor of winning the internationally famous silver totem pole trophy and the many other prizes awarded to men and women players in competition on this famous mountain course in the Canadian Rockies. The week's programme is carefully planned to provide competitive golf of great interest, yet sufficient time is also available for the playing of friendly matches during the tournament. The ladies have a programme similar to the men and find much to interest them in both competitive and friendly matches. Throughout Golf Week an enjoyable atmosphere of informality prevails, which, added to the daily thrills that attend each round of golf, makes the tournament second to none on the Continent.

Jasper has particular attractions in the Autumn. After Labor Day, the tourist rush is virtually over for the season. The Lodge then fills up with discerning golfers who know of the treat in store for them. While off-season prices prevail, the course and service are at their best. The individual bungalows, with their charmingly furnished assembly rooms, are more than delightful.

While golf is King during Tournament Week, there is plenty to occupy the time of those visiting Jasper at this time who do not play the Royal and Ancient game. There is swimming, fishing, tennis, riding and scenic motor drives over excellent roads. Then, of course, there is dancing at the Lodge every evening.
